## TECH SPEC & FACILITIES

- Large live room measuring 9m (L) x 5m (W) x 3m (H)
- Fully equipped and treated control room with monitoring and ample outboard gear/metering
- Set-up for dry hires utilising the in-house Antelope Audio Orion converter and Audient preamps
- Numerous stage boxes throughout all spaces for versatile routing
- Several high-quality in-house drum kits, guitars and amplifiers
- Ultra-fast 1GB internet for streaming and broadcasting
- NAS server for remote file transfers and backups
- Range of Blackmagic cameras and Aperture video lighting
- Range of Colourama backdrops
- Space for backline storage

## WHY SIGNAL HOUSE STUDIOS?

Located on a rural countryside farm with nearby fast train links into London, Signal House Studio's versatile setup is ideal for recording, writing, preamps, mixing, mastering, rehearsals, filmed live sessions, podcasts and filmed social media content, photoshoots and storage; an ideal choice for labels and artists looking to consolidate campaign activities in the lead-up to album cycle.

## NOTABLE WRITING, RECORDING AND PRODUCTION ACCOLADES INCLUDE:

- Major sync for the Season Finale of the hit US TV show DC's Legends of Tomorrow
- Tracks heard on BBC 6 Music, Triple J, Kerrang! and Scuzz
- Previous label clients include Epitaph, Eleven Seven, Be-Known, Lockjaw and Thousand Islands
- 'Exiled' by Drones – 2.5m Spotify streams across major playlist additions
- Sound engineer and production for Lockoff sessions, showcasing London's young hip-hop and grime talent

## TIM KRAMER

The studio can be dry-hired or offered alongside Tim Kramer's services which include recording, production, mixing, mastering, photography and videography.

## OTHER AMENITIES

- Full air conditioning and heating throughout studio
- Full kitchen including fridge, freezer and cooking facilities
- Relaxation lounge/green room (space for overnight accommodation) with TV and Xbox
- Convenient allocated parking for up to six vehicles directly outside the studio
- Strong relationships with neighbouring businesses including a guitar luthier/workshop and a brewery
- Alarm system and CCTV
